Design That Inspire You
& Achieves Your Aspirations

Flamberg

Bath Fittings

About Us

We have blended latest technology with regional local requirements of water characteristics, and patterns. All modern technological features are part of our products e.g.

- Anti friction ring for high torque operations.
- Deformation-free washers and 'O' rings, made of Niotrile and neoprene, usable upto 200 PSI.
- Anti- Splasher aeration system for air-water mixing in foam flow service.

Usage of lead free brass ingots for health and hygiene purpose. Customer proximity is extremely important to us, but even more crucial are long-term partnership based on mutual trust and respect - a strong tradition at Flamberg.

- our single most powerful attribute. We have special focus on dealer-friendly approaches, our business watchword being : Once with us, always with us.

Flamberg looks ahead to meet you with enthusiasm and cheer.

MANUFACTURING PROCESS

Flamberg professional production represents the strength of its manufacturing unit. Flamberg standing at the top of manufacturing technology, It shows the charm of indian creation, production forms a surmounted core advantages by leading the most advanced automatic equipment and accumulating technical storage all the way.
